

Objectives

The undergraduate *Licence* in 'Contemporary Music, Jazz and Song' contributes to the cross-disciplinary approach and cultural openness that is so characteristic of the Arts faculty at Université Bordeaux Montaigne, in collaboration with other centres of learning, including the Aquitaine Centre for Higher Education in Music and Dance (PESMD), the School of Teaching and Education (ESPE), and the Bordeaux Conservatoire. As well as practice- and theory-based course units, the programme provides opportunities for students to meet with the great professionals from the world of song, through masterclasses and the numerous concerts throughout the course of the three years of study.
